TO A HIGHER COURT

The Demurrer in the Salsbury

WAS GRANTED BY JUDGE ADSIT

Judge Burch Has Given Notice That the Case Will Be Taken to the

Supreme Court.

A demurrer to L. K. Salsbury's special answer to Clark H. Gleaton's motion for Salsbury's disbarment, was argued before Judge Adait yesterday

and granted. The court held that if Mr. Glesson had been guilty of unprofessional conduct it had nothing to do with Salsbury's case, and it should be tried before any collateral issues are entered upon. Judge Burch, attorney for Salabury, gave notice that the case will be taken to the supreme court on a writ of certiorari, and he was given thirty days in which to file his answer to the original petition as a pre-liminary to the appeal. The trouble grew out of the Brown will case. Sale bury was charged with trying to under-mine the contestant by unfair means. The complaint was made by Mr. Gleason who was an attorney for the con-testant. Salsbury replied by preferring counter charges against Gleason for unprofessional practices in entering upon the proceedings while the case involved is still pending.

The marriage between Annette and James N. Johnson was dissolved yes-terday by Judge Adait, on the grounds of desertion and non-support on the part of the husband. Mrs. Johnson was given the care and custody of their minor child, Sessie, and the defendant was forbidden to marry sgain for two years from the date of the decree.

Were Defending Their Property. Henry Mulder and S. J. Davis were arrested for assault and battery, the complaining witness being John Jol-dersma and they were tried in police court yesterday afternoon. The evi-dence in the case showed that Jol-dersma had made a trade with Mulder, whereby the complainant was to have the possession of a light wagon. When he went after the wagon Mulder refused to let him have it and a scrap followed. Joldersma had paid nothing on the trade and it was decided that the defendants were defending their property when the assault was made, and they were acquited of the charge.

Cochran Paid the Notes.

John H. Cochran, recently arrested on complaint of Maj. E. C. Watkins of Rockford, who accused him of fraudu-lently obtaining his endorsement to three promissory notes amounting to \$750, has paid the amount in full. The secuting attorney thinks this will not settle the case.

Court Notes.

But none should forget that in order for one candidate to win, in the repub-lican state convention, the rest must lican state convention, the rest must lose. Let it be borne in mind that the present contest is a family affair and that all engaged are republicans. The man who will be nominated next week for governor will be a republican who is an honor to his party and a credit to American citizenship. Whether his name be Pingree, Rich, O'Donnell or a name not yet prominent in connection with the office, let all republicans re-member that whoever he may be he will represent the principles and interests of the republican party. We may be divided in our preferences at present, but when the majority speaks let us all become united in our support of the candidate whom the representatives to the convention will in their wisdom see fit to choose. Let every republican accept the verdict of the convention and direct his efforts against the common enemy.—Bay City Tribune.

FOR COUNTY CLERK. It has been a great many years since Lowell has had a place on the republican county ticket, but this year they have a man to present for the office of county clerk, and while his selection might be urged on the grounds that we have had nothing, that claim is waived in view of the fact that we have a candidate who is fitted in every way for the office and added to that will bring had deserted ber and had contributed nothing toward her support and maintenance for the last three years. Judge Adsit gave her the care and custody of their three minor children.

Sidney S. Haight was divorced yesterday from his wife Theodosia Haight on the ground of extreme crucity, and in granting the decree Judge Adsit gave the complainant the care and custody of their five minor children, whose ages range from 4 to 12 years. The defendant is debarred from marrying again for two years after the date to the ticket that we submit to the kind consideration of the republicans of Kent county the name of Franklin D. were so dead sure that Rich had a cinch on the governorehip are beginning to wonder what it all means. They will discover when the state convention gets together at Saginaw that it means something like this at the nead of the republican state ticket: "Forgovernor—Hazen S.Pingree." And that means silver for the ticket in that means victory for the ticket in November.—Marquette Mining Journal.

Should Change Its Ways. Cedar Springs is overrun with sneak Not very creditable indeed. But it will ever be thus so long as thievery is endorsed, encouraged and protected.—Cedar Springs Clipper.

The Effect of Protection.

The Paterson Guardian reports that the silk business is picking up wonder fully. It says that silk men have been "obliged to produce goods rapidly and sell at low prices," and mentions that weavers draw as high as \$75 for two weeks' work, while \$60 for two weeks is quite common, and none of the men receives less than \$40. Thus do low prices and high wages go together under the McKinley law.

geny have gone in 2:20 or better. Budd Doble arrived at Detroit yesterday with his string of trotters. In the string are Nancy Hanks, Martha Wilkes, Jack, Victor and Belle Vera. Axteil will arrive from Terre Haute in a few days. Nancy Hanks will be at the great August meeting in Grand Rapids, and Thursday, August 11, will try to beat the world's record. Budd Doble will drive the mare, and old time horse men are confident that she will be able to lower the great Sunol's record of 2:08; On Tuesday, August 9, Hal Pointer and direct will pace for a purse of \$5,000. This will be the first time they will have come together on a track where neither horse is owned since the great race at Columbia, Tenn., October 26, 1891. At that meeting Direct beat Hal Pointer three straight heats, the time being 2:09, 2:08, 2:08]. Hal Pointer is now faster and in better condition than he was at the Columbia meeting, and many expect to see the fastest time ever paced made on the track that day. The pacers will meet at Buffalo before coming here instead of on August 12, as stated in yesterday's Herald, and after the great race at Comstock park they will probably go to Chicago.
